BioLite Solo

Standalone Outdoor Fingerprint Lock

| BioLite Solo | BioLite Solo is a simple standalone access control device providing biometric security and convenience. Using a graphic LCD and a keypad, it is very easy to enroll or delete users right on the device without any PC connection. With IP65 rated weatherproof design, BioLite Solo can be an ideal solution for access control of small offices, shops and residential houses either for indoor or outdoor use.

SUPrema BioLite Solo
